Additional Technical Skills: React.js, HTML, CSS, PHP, Node.js, MySQL, MongoDB, Visual Basic, C#, .NET, Postman, Insomnia

PROFESSIONAL EXPERIENCE

AVALON TECHNOLOGIES | Jan 2025 – Sep 2025

- Provided IT support for hardware, software, printer, scanner, and network connectivity issues.
- Installed and updated software, drivers, and patches to support system performance and reliability.
- Assisted with network configuration and troubleshooting, including wired and wireless connections.
- Maintained IT asset records and supported end users with hardware/software usage and security practices.

DIGICAT TECHNOLOGIES | Aug 2023 – Feb 2025

- Supported day-to-day IT infrastructure operations, system maintenance, and user technical requests.
- Managed user accounts, group permissions, and host-file configuration as required.
- Troubleshot desktop, laptop, peripheral, software, and network-related issues.
- Configured wired and wireless printers, scanners, and print queues; performed RJ45 cable crimping.
- Provided remote support using AnyDesk, UltraViewer, TeamViewer, and Remote Desktop Connection.
- Collaborated with accounts, RCU, and HR teams to help maintain smooth IT operations.

CERTIFICATION

Fortinet NSE 3 Certified
